

SELECTED PROJECTS

ENGINEERING

PROJECT	ROLE	STATUS
Re-gravelling of road D1196 from Vryburg to Amelia	Construction	On-going
Annadale Asbestos Cement (AC) Pipe Replacement	Construction	Completed
Construction of Makweng Community Hall	Planning, Design, Construction Supervision	On-going
Design and supervision of Closure of Mine Openings in North West – Phase 3	Design and supervision	On-going
Sekhukhune District Rural Household Sanitation	Planning, Design, Construction Supervision	On-going
Ga-Moloi Water Reticulation	Design and Construction Supervision	On-going
Refurbishment and Extension of Community Libraries	Design and supervision of the Refurbishment and Extension of Community Libraries for Rustenburg Local Municipality	On-going
Sefototse Phase 2	Design and construction supervision of Rural water reticulation supply for Sefototse and Ditshosine	On-going
Sefototse Phase 1A	Rural water reticulation supply for Bellevue village	Completed
Mankweng Phase 11	Water reticulation supply for Mankweng township	On-going
Mulondodi Low Level Bridge	Design and construction of bridge at Mulondodi	Completed
Thaba – Luheni Access Road	Re-gravelling of Thaba – Luheni access road	Completed
Accelerated Water Programme Sekhukhune District Municipality	Design and Construct	Completed
Accelerated Water Programme Vhembe District Municipality	Design and Construct	Completed
Design and Installation of Infrastructural Services for Tzaneen Extension 70 & 78 Water and Sewer Turnkey Project	Civil Engineer, Design and Construction, Geotechnical Engineer Investigations (GFSH-2), Monitoring and Reporting	Completed
Thabazimbi Water supply Turnkey	Planning, design, construction and supervision of Thabazimbi Water Supply in Waterberg District Municipality	Completed
Polokwane Waste Water Treatment Works Implementation Readiness Study	Implementation Readiness Study	Completed
Nzhelele RWS	Construction of Raw Water Supply Pipeline	Completed

ENVIRONMENTAL

PROJECT	ROLE	STATUS
Environmental monitoring for the Kusile-Lulamisa 400Kv power line	ECO	On-going
Social Impact Assessment and Resettlement Plan for the Invubu-Mbewu 400kV Power line	RAP	On-going
Social Impact Assessment and Resettlement Plan for the Ariadne-Venus 400kV Power line	RAP	On-going
EIA for the Limpopo East Corridor (400kV Power line)	EIA	Completed
Construction and Operation EMP for the Medupi-Witkop 400kV Power line	CEMPR	Completed
CEMPr for Ariadne-Venus 400kV power line	CEMPR	Completed
Rustenburg Strengthening Project	EIA	Completed

PROJECT	ROLE	STATUS
The construction of Tshilamba 132kV power line within Limpopo Province	Basic Assessment	Completed
The construction of 132kV power line from Borutho MTS to the new Akanani Substation within Limpopo Province	Basic Assessment	Completed
Jane Furse-Tshatane-Lesego 132kV power line	Basic Assessment	Completed
Makonde to Mutshikili 132kV loop in loop out power line	Basic Assessment	Completed
Provision of Environmental Legal Audit ISO 140001 for Kusile Facilities	Auditing	Completed
Amandla to Kwaggafontein 132kV power line	EIA	Completed
Jane Furse to Mamatsekele substation 132kV power line	Basic Assessment	Completed
Akanani 132kV Power line	Basic Assessment	Completed
Establishment of Vryburg Agrihub	EIA	On-going
Establishment of Matlosana Agrihub	EIA	On-going
Landfill Auditing and water monitoring for 5 operational and 8 closed landfills	Auditing and water monitoring	Completed
Basic Assessment for the Elsburg Water Augmentation: Hyperamma Pipeline	Basic Assessment	Completed
Revision of the IWMP	Revision of IWMP	Completed
Revision of the IWMP	Revision of IWMP	Completed
Establishment of Seshego Cemetery	EIA	Completed
Extension of Sakhelwe Township within Emakhazeni Local Municipality	Basic Assessment	Completed
Moretele 100MW Solar Power Plant	EIA	Completed
Closure of Kampersrus Landfill	Waste Licence	Completed
Politsi Waste water Treatment Plant	EMPr	Completed
Upgrade of Road D19,D3436 Polokwane	EIA, Monitoring	Completed
Upgrading (gravel to tar) of 21km road D3634 and D3778 from Giyani to Nkuri to Malonga within Greater Giyani Local Municipality	EIA, Monitoring	Completed
Road upgrade from gravel to tar from Lebowakgomo/Middlekop to Tooseng to Marulaneng within Lepelle Nkumpi Local Municipality	EIA, Monitoring	Completed
Upgrading (gravel to tar) of 17.8km road D4 from Matsakali to Altein to Shangoni within Thulamela Local Municipality, Vhembe District.	EIA, Mining Permit, Monitoring	Completed
Proposed Upgrading of 14.9km road from gravel road to tar from Ronalsey to Kildare within Bushbuckridge Local Municipality	EIA	Completed
Proposed construction of five (5) bridges on state land at Mphagani village within Greater Giyani Local Municipality	EIA	Completed

GEO-HYDROLOGY

PROJECT	ROLE	STATUS
Geo-hydrological services in Mafikeng and Ramotshere Moiloa local municipalities	Boreholes drilling and testing	On-going
Taung Drought Relief	Sitting ,drilling, Testing and equipping	On-going
Construction of Tugela Fery Water Irrigation Scheme	Siting, Drilling, testing and equipping, installation of irrigation systems.	On-going
Construction of Injobo Water Irrigation Scheme		Completed.
Drilling, Mechanical & Electrical of Micro-Wind Turbines for ASIDI IV School Water Boreholes	Siting, Drilling, testing and equipping.	On-going
Construction of ASIDI School Water & Sanitation Cluster A5	Siting, Drilling, testing and equipping.	Completed.
Borehole siting, drilling, equipping and basic reticulation system at 10 schools in the Sekhukhune District, Limpopo Province	Siting, Drilling, testing, equipping and installation of reticulation.	Completed.
Borehole siting, drilling, equipping and basic reticulation system at 12 schools in the Sekhukhune District, Limpopo Province	Siting, Drilling, testing, equipping and installation of reticulation.	Completed
Drought Relief Intervention: Borehole Drilling	Siting, Drilling, testing and equipping. Installation of reservoirs	Completed.
Geo-hydrological Sources Development for Taulume Water Supply	Drilling and testing supervision	Completed
Geo-hydrological Sources Development for Kgapane Water Supply	Drilling and testing supervision	Completed
Mamusa Drought Relief	Testing, sitting, drilling and equipping	Completed
Drilling at Soete Rus	Drilling, Yield Testing	
Drilling and equipping of boreholes within the Pretoria, Germiston and Randfontein Region (2015/16).	Siting, Drilling, testing and equipping.	Completed
Drilling and equipping of boreholes within the Pretoria, Germiston and Randfontein Region (2014/15).	Siting, Drilling, testing and equipping.	
Drilling and equipping of boreholes and supply and installation of irrigation systems within the Pretoria, Germiston and Randfontein Region	Siting, Drilling, testing and equipping, installation of irrigation systems.	
Refurbishment of boreholes and reservoirs	Siting, Drilling, testing and equipping, refurbishment of reservoirs	On-going
Solar Boreholes in Voyenteen, Olverton,Ngobi And Dipetkeloane	Yield testing, equipping of boreholes	Completed
Drilling and Refurbishment of borehole and non-functioning schemes within Moretele Local Municipality: Phase 3	Siting, Drilling, testing and equipping.	Completed
Refurbishment of borehole and non-functioning schemes within Moretele Local Municipality: Phase 2	Yield testing, equipping of boreholes	Completed.
Geo-hydrological investigation at 19 schools within Vhembe District Municipality.	Siting, Drilling, testing, equipping and installation of tanks.	Completed

PROJECT	ROLE	STATUS
Borehole siting, drilling, equipping and basic reticulation system at 10 schools in the Sekhukhune District, Limpopo Province	Siting, Drilling, testing, equipping and installation of reticulation.	Completed.
Borehole siting, drilling, equipping and basic reticulation system at 12 schools in the Sekhukhune District, Limpopo Province	Siting, Drilling, testing, equipping and installation of reticulation.	Completed
Siting, Drilling & Equipping of 13 Boreholes at various Halls and Sport Stadiums, Limpopo	Siting, Drilling, testing and equipping.	Completed
Malonga Water Reticulation	Siting, Drilling, testing and equipping.	Completed
Design, Refurbishment, Siting, Drilling and Equipping of Boreholes in Cluster 4	Siting, Drilling, testing and equipping.	Completed
Upgrading of Kwaggafontein Water Scheme	Siting, Drilling, testing and equipping.	Completed
Groundwater and Geotech services for Mapela Sports Stadium in Mogalakwena Local Municipality	Siting, Drilling, testing and equipping.	Completed
Upgrading of Mmotong wa Perekisi Water Reticulation	Siting, Drilling, testing and equipping.	Completed
Siting, Drilling, Testing, Equipping and Reticulation of Borehole at the new Mmakaunyane Clinic	Siting, Drilling, testing and equipping.	Completed
Design and Construction of Water Schemes: Cluster 2,4,5,6 and 7	Siting, Drilling, testing and equipping.	Completed
Testing, Equipping and Refurbishing of 69 Boreholes within Kwazulu-Natal Municipalities	Siting, Drilling, testing and equipping.	Completed
Drilling, Test and Equipp Borehole and Rising Main in Matavhela, Drilling and Equipping of additional borehole in Madimbo to Malale and Site , Drill Test, Supply line and Reticulation at Vhurivhuri	Siting, Drilling, testing and equipping.	Completed
Siting, Drilling, and construction of Two New Boreholes, Rising Main, Storage and Pump House for Mmakwarela	Siting, Drilling, testing and equipping.	Completed
Groundwater Source Development for Khakhu Regional Water Supply	Siting, Drilling, Testing and Equipping.	Completed
Siting ,Drilling, Testing and Equipping of Borehole at Ebenezer	Siting, Drilling, Testing and Equipping.	Completed
Construction of Livestock Infrastructure: Three boreholes in Various Local Municipalities within the Umkhanyakude District Municipality	Siting, Drilling, Testing and Equipping	Completed
Sitting Drill Equipping and Water Reticulation of Boreholes	Siting ,Drilling, Testing and Equipping	Completed
Driekoppies Water Supply – Geohydrological Investigations	Siting ,Drilling, Testing and Equipping	Completed
Source Development For Four Boreholes In Rasaka, Molemole Municipality Within The Capricon District Municipality	Siting ,Drilling, Testing and Equipping	Completed

PROJECT	ROLE	STATUS
Department Of Health: Kwapata Clinic: New Borehole	Siting ,Drilling, Testing and Equipping	Completed
Gunjane Boreholes Livestock Infrastructure	Siting ,Drilling, Testing and Equipping	Completed
Siting,Drilling, And Testing Of 6 Boreholes	Siting ,Drilling, Testing and Equipping	Completed
Ga-Makgato Odex	Odex Drilling, Testing and equipping	Completed

GEOTECHNICAL

PROJECT	ROLE	STATUS
Geotechnical Investigation and Environmental Management	Drilling and test pits profiling and sampling	On-going
Dolomite investigation for the 132Kv Power line in Kuruman	Investigate dolomite stability for the servitude	On-going
Geotechnical investigations for housing in Madibeng	Conducting Geotechnical investigations and foundation design	Completed
Geotechnical investigations for housing in Ratlou		Completed.
Geotechnical Investigations at University Of Venda Infrastructure Development Project 2013/2015	Drilling, test pits profiling and sampling	Completed
Geotechnical Investigations for Randwater Sedimentation Tank and Flocculator	Conducting Geotech investigation through drilling, augering and test pits logging using TLB	Completed
Geotechnical and hydrological investigations for Rustenburg Landfill site	Conducting Geotechnical and hydrological investigations for landfill site	Completed
Geotechnical Investigations as well as dolomite investigation at Etsoseng Village	Drilling and test pits profiling and sampling at Etsoseng	Completed
Geotechnical investigations for Khutsong Power line	Conducting Geo-tech investigation through drilling, auguring and test pits logging using TLB	Completed
Geo-technical Investigations for Giyani power line	Test pits profiling and sampling of test pits by means of TLB	Completed
Geotechnical Investigations for Mamatshetshete power line	Test pits profiling and sampling of test pits	Completed
Geotechnical investigations for housing projects with the Department Housing	Geotechnical investigations for including design and flood line investigations	Completed
Geotechnical investigations for Masisi and Mutale Extensions	Conducting Geotechnical investigations and foundation design for 901 erf or stands	Completed
Dolomitic Investigations for residential development for Piet Potgietersrust Extension 21 and 22	Investigate dolomite stability for the mentioned property	Completed
Geo-Technical investigations for residential development at Vaalwater Modimolle Municipality	Conducting GeoTechnical investigations, design and supervision for residential units at Vaalwater	Completed
Groundwater Protocol for Thembisile Municipality 23 villages in Mpumalanga Province	Groundwater assessment and evaluation for Thembisile Municipality	Completed
Geotechnical investigations for the proposed classroom development at Waterberg District	Conducting Geotechnical Investigations for the 13 propose schools in Waterberg District	Completed
