LOST DEEDS

LOST OR DESTROYED TITLE DEED

Notice is given in terms of the Environmental Impact Assessment (EIA) Regulations published in Government Notice (GNR) 982 in Gazette No. 3822 of 4 December 2014 (as amended), of intent by the National Transmission Company South Africa SOC Ltd (NTCSA), a subsidiary of Eskom Holdings SOC Limited to apply with the Department of Forestry, Fisheries, and the Environment (DFFE) for an Environmental Authorisation (EA) for the following activities: (i)Construction of a ±200km, 400kV transmission powerline from Hotazel Transmission Substation to Mookodi Substation. (ii)Construction of a ±60km, 400kV transmission powerline from Ferrum Substation to Hotazel Transmission Substation. (iii)Upgrading of the Mookodi Substation by installing: o1 X 100MVA busbar reactor at Mookodi 400kV busbar. o1x400kV Mookodi feeder bay. o1X400kV Line reactor at Mookodi 400kV. (iv)Upgrading of the Ferrum Substation by installing o1 X 100MVA busbar reactor at Ferrum 400kV busbar. o1x400kV Ferrum feeder bay. o1X400kV Line reactor at Ferrum 400kV. **Project Location:** The proposed route is approximately 60km between Ferrum Substation and Hotazel and 200km between Hotazel and Mookodi substation. Ferrum Substation is approximately 3.4km southeast of Kathu, and the Mookodi Substation is 6.5km south of Vryburg town. The proposed route crosses the national road (N14), regional road R31, a few district roads between N14 and R31, and a railway line. Mine areas exist close to Hotazel town, and several settlements are near the proposed corridor. **EIA Process:** The proposed scope of works are listed within Listing Notice 1, GNR 983 of 2014: Activities 12 and 19; Listing Notice 2, GNR 984 of 2014: Activity 9; and Listing Notice 3, GNR 985 of 2014: Activities 12 and 14. As the project area is within the Northern Strategic Transmission Corridor, a Basic Assessment Process will be followed according to the EIA Regulations, 2014 (as amended). NTCSA has therefore appointed DIGES Group as the Environmental Assessment Practitioners (EAP). **Water Use Licence Application Process:** The proposed project will also require a Water Use Licence (WUL) General Authorisation (GA) in terms of Section 21(c) and (i) of the National Water Act (Act No. 36 of 1998). DIGES will apply with the Department of Water and Sanitation (DWS). **Public Involvement:** To ensure you get all the project information, you are hereby requested to register as an Interested and Affected Party (IAP) by providing your name and contact details to the undersigned. **Please be aware that any information supplied by I&APs becomes public knowledge unless requested to remain confidential.** You can also request copies of documents prepared for the project from the undersigned person. You are urged to submit your written comments/objections (should you have any) within the afore-mentioned timeframe to: **Consultant:** DIGES Group, **Physical Address:** 546, 16th Road, Midrand, 1685, Telephone: 011 312 2878. **Contact Person:** Mr. Livhuwani Rasilingwani/ Ms Brenda Makanza, **E-mail:** livhuras@gmail.com / info@diges.co.za/ brendam@diges.co.za

Liverpool host Chelsea in first major test for Slot

Under-pressure Man United face tricky Brentford

Manchester – Liverpool manager Arne Slot has enjoyed a record-breaking start to his tenure at Anfield but has been measured in his response as he says they have yet to face a top side, although that is all about to change with the visit of in-form Chelsea.

Dutchman Slot, the first Liverpool manager to win nine of his first 10 games in charge, must now steer the leaders through a tough schedule, with a gruelling run of 10 games in three competitions that could go a long way to shaping their season.

Liverpool have 18 points after seven games, having scored 13 goals and conceded two, to stand a point ahead of Manchester City and Arsenal, while Chelsea are fourth on 14.

“I looked at the league table and ‘OK, which teams did we face until now and which position are they? Are they in the top half or the bottom?’” Slot said of the schedule so far.

“There are a lot of difficult teams we still have to face ... let’s see where we are then when it comes to conceding goals because maybe the fixture schedule has been ‘nice’ to us when you see the league table.”

Chelsea have won all three of their league games on the road this season by a combined score of 10-2.

In another must-see game, Manchester United host Brentford amid continued speculation around the future of manager Erik ten Hag. Many thought the beleaguered Dutchman might not last beyond the international break, with his team languishing in 14th.

United did, however, bounce back from a horrible 3-0 loss against Tottenham Hotspur at Old Trafford to draw 0-0 at high-flying Aston Villa to give him some respite before the break.

Arsenal visit Bournemouth tomorrow with questions around the fitness of Bukayo Saka, who started England's Nations League game against Greece on Thursday but suffered a hamstring injury which saw him taken off early in the second half.

Manchester City hope to have Kevin De Bruyne back for their trip to Wolverhampton Wanderers on Sunday, with a hamstring problem having sidelined the midfielder for the past month. - Reuters

KENNISGEWING VAN DIE BASIESE ASSESSERINGSPROSES (BA) VIR DIE VOORGESTELDE KIMBERLEY-VERSTERKINGSFASE 3: FERRUM-HOTAZEL-MOOKODI 400KV-KRAGLYN EN VERWANTE SUBSTASIE-OPGRADERINGS BINNE DIE JOHN TAOLO GAETSEWE-DISTRIKSMUNISIPALITEIT VAN DIE NOORD-KAAP-PROVINSIE EN DR RUTH SEGOMOTSI MOMPATSI VAN DIE NOORDWES-PROVINSIE

DFFE-VERWYSING: NOG NIE BESIKBAAR NIE

Kennis word gegee ingevolge die Omgewingsimpakassesseringsregulasies (OIA) soos gepubliseer in Regeringskennisgewing (GNR) 982 in die Staatskoerant nr. 3822 van 4 Desember 2014 (soos gewysig), van die Nasionale Transmissiemaatskappy van Suid-Afrika SOC Bpk (NTCSA) se voorneme om 'n aansoek by die Departement van Bosbou, Visserye en die Omgewing (DFFE) in te dien vir 'n Omgewingsmagtiging (OM) vir die volgende aktiwiteite:

- (v) Bou van 'n ± 200 km-, 400kV- transmissiekraglyn vanaf die Hotazel-transmissie-substasie na die Mookodi-substasie.
- (vi) Bou van 'n ± 60 km-, 400kV-transmissiekraglyn vanaf die Ferrum-substasie na die Hotazel-transmissiesubstasie.
- (vii) Opgradering van die Mookodi-substasie deur die installasie van:
 - o 1 X 100MVA-busbalkreaktor by Mookodi se 400kV-busbalk.
 - o 1 X 400kV-Mookodi-voerderstasie.
 - o 1 X 400kV-lynreaktor by Mookodi se 400kV.
- (viii) Opgradering van die Ferrum-substasie deur die installasie van:
 - o 1 X 100MVA-busbalkreaktor by Ferrum se 400kV-busbalk.
 - o 1 X 400kV-Ferrum-voerderstasie.
 - o 1 X 400kV-lynreaktor by Ferrum se 400kV.

Projekligging: Die voorgestelde roete is ongeveer 60km tussen die Ferrum-substasie en Hotazel en 200km tussen die Hotazel- en Mookodi-substasie. Die Ferrum-substasie is ongeveer 3,4km suidoos van Kathu, en die Mookodi-substasie is 6,5km suid van die dorp Vryburg. Die voorgestelde roete kruis die nasionale pad (N14), streekspad R31, 'n paar distrikspaaie tussen die N14 en R31, en 'n spoorlyn. Myngediede bestaan naby die dorp Hotazel, en daar is verskeie nedersettings naby die voorgestelde korridor.

OIA-proses: Die voorgestelde omvang van werke word gelys in Lyskennisgewing 1, GNR 983 van 2014: Aktiwiteite 12 en 19; Lyskennisgewing 2, GNR 984 van 2014: Aktiwiteit 9; en Lyskennisgewing 3, GNR 985 van 2014: Aktiwiteite 12 en 14.

Aangesien die projekgebied binne die Noordelike strategiese transmissiekorridor is, sal 'n Basiese Assesseringsproses gevolg word volgens die OIA-regulasies, 2014 (soos gewysig). Daarom het NTCSA die DIGES Group as die Omgewingsassesseringspraktisyns (OAP) aangestel.

Aansoekproses vir watergebruiklisensie: Die voorgestelde projek sal ook 'n Watergebruiklisensie (WUL)/ Algemene Magtiging (AM) ingevolge Artikel 21(c) en (i) van die Nasionale Waterwet (Wet 36 van 1998) vereis. DIGES sal die aansoek by die Departement van Water en Sanitasie (DWS) indien.

Openbare deelname: Om te verseker dat u al die projekinligting kry, word u hiermee versoek om as 'n belangstellende en geraakte party (B&GP) te registreer deur u naam en kontakbesonderhede aan die ondergetekende te verskaf. **Wees asseblief bewus daarvan dat enige inligting wat deur B&GP's verskaf word, openbare kennis word, tensy daar versoek word dat dit vertroulik moet bly.** U kan vir die ondergetekende persoon vra vir kopieë van dokumente wat voorberei is vir die projek. U word dringend versoek om u skriftelike kommentaar/besware (indien u enige het) binne die voorgenoemde tydraamwerk in te dien by:

Konsultant: DIGES Group, **fisiese adres:** 16de straat 546, Midrand, 1685, **telefoon:** 011 312 2878. **Kontakpersoon:** Mnr. Livhuwani Rasilingwani/ Me. Brenda Makanza, **e-pos:** livhuras@gmail.com / info@diges.co.za/ brendam@diges.co.za

LEGAL NOTICES

NOTICE OF THE AVAILABILITY OF THE DRAFT BASIC ASSESSMENT REPORT (DBAR) FOR PROPOSED KIMBERLEY STRENGTHENING PHASE 3: FERRUM-MOOKODI 400KV POWERLINE AND ASSOCIATED SUBSTATION UPGRADES WITHIN JOHN TAOLO GAETSEWE DISTRICT MUNICIPALITY OF NORTHERN CAPE PROVINCE AND DR RUTH SEGOMOTSI MOMPATSI OF NORTH WEST PROVINCE DFFE REFERENCE: NOT YET AVAILABLE
DATE: 10 JANUARY 2025 – 10 FEBRUARY 2025

Notice is given in terms of the Environmental Impact Assessment (EIA) Regulations published in Government Notice (GNR) 982 in Gazette No. 3822 of 4 December 2014 (as amended), of intent by the National Transmission Company South Africa (NCSA), a subsidiary of Eskom Holdings SOC Limited to apply with the Department of Forestry, Fisheries, and the Environment (DFFE) for an Environmental Authorisation (EA) for the following activities:

(i) Construction of a ±260km, 400kV transmission powerline from Ferrum Transmission Substation to Mookodi Substation.
(ii) Upgrading of the Mookodi Substation by installing o1 X 100MVA busbar reactor at Mookodi 400kV busbar.

o1x400kV Mookodi feeder bay.
o1x400kV Line reactor at Mookodi 400kV.
(iii) Upgrading of the Ferrum Substation by installing o1 X 100MVA busbar reactor at Ferrum 400kV busbar.
o1x400kV Ferrum feeder bay.
o1x400kV Line reactor at Ferrum 400kV.

Project Location:
The proposed route is approximately 60km between Ferrum Substation and Hotazel and 200km between Hotazel and Mookodi substation. Ferrum Substation is approximately 3.4km southeast of Kathu, and the Mookodi Substation is 6.5km south of Vryburg town. The proposed route crosses the national road (N14), regional road R31, a few district roads between N14 and R31, and a railway line. Mine areas exist close to Hotazel town, and several settlements are near the proposed corridor.

EIA Process: The proposed scope of works are listed within Listing Notice 1, GNR 983 of 2014; Activities 12 and 19; Listing Notice 2, GNR 984 of 2014; Activity 9; and Listing Notice 3, GNR 985 of 2014; Activities 12 and 14. As the project area is within the Northern Strategic Transmission Corridor, a Basic Assessment Process will be followed according to the EIA Regulations, 2014 (as amended). NCSA has therefore appointed DIGES Group as the Environmental Assessment Practitioners (EAP).

Water Use Licence Application Process:
The proposed project will also require a Water Use Licence (WUL) / General Authorisation (GA) in terms of Section 21(c) and 21(d) of the National Water Act (Act No. 36 of 1998). DIGES will apply with the Department of Water and Sanitation (DWS).

Public Involvement: This advert serves to inform the public that the Draft Basic Assessment Report and its attachments will be made available for a 30-day comment period from 10 January 2025 – 10 February 2025. The Draft Report will be available at the following locations:

Kathu Public Library:
1 Hendrik van Eck Rd, Kathu, 8446
Kuruman Public Library:
49 Skool Street, Kuruman, 8460
Vryburg Public Library:

Defending Betway SA20 champions Sunrisers Eastern Cape kick off defence of their title with a clash against MI Cape Town today, and captain Aiden Markram says their hunger to win a third title burns brighter than ever. /Shaun Roy /SA20

MUCH-AWAITED SA20 ROARS TO LIFE WITH GQEBERHA OPENER

● Sunrisers skipper Markram promises hard work and fun in chase for third title

By **AMIR CHETTY**

The third edition of the SA20 explodes into action today when defending champions Sunrisers Eastern Cape host MI Cape Town in a blockbuster clash at St George's Park in Gqeberha.

The cricketing extravaganza was launched in Cape Town yesterday with all the captains in attendance

and giving their opinion on what to expect over the next four weeks of high-octane cricket.

The opening days will be jam-packed with fixtures, with Durban's Super Giants hosting Pretoria Capitals tomorrow followed by a double-header on Saturday when Paarl Royals play the Sunrisers in Paarl and Joburg Super Kings entertain MI CT at the Wanderers while the Capitals welcome the Super Giants on Sunday.

The men in orange had the rub of the green against the Cape Town side in the first two editions of the tournament, the Gqeberha side emerging victorious in their last four encounters by narrow margins.

MI CT will be aiming to improve on their sixth-place finish in the last two editions, while the Sunrisers, who finished third with four group stage

wins in season one, ended as group stage winners with seven wins from the 10 group encounters in 2024.

Sunrisers skipper Aiden Markram said though they had two titles in the bag, the hunger to win another crown was as strong as ever. "It's nice to be used in the same sentence as the Bokke, but I don't think we are there just yet," Markram said when his side was dubbed the "Springboks of the Betway SA20" at the media briefing.

"We are definitely still pumped to try to get a third one this year, no guarantees, but it is a hugely competitive tournament.

"So hopefully in a month, something cool can happen [but for now] we are just looking forward to the cricket we are going to play."

Apart from the players and their roles in the group, Markram said another secret to their success was head coach Adrian Birrell, a well-travelled individual with

decades of coaching and trophy-winning experience.

"He is just a great man; he gets the boys together and keeps things really simple. We try to create a month where the guys just enjoy themselves.

"[They] compete like hell on the field, enjoy your time on the park, but it's also important to enjoy your time off the park.

"The first two years have been great, [we've had] a great bunch of guys and Adi Birrell is just a gem of a person," the skipper said.

We are definitely still pumped to try to get a third one this year ... but it is a hugely competitive tournament

Young scientist earns Medal of Honour at Mexico Science Fair

Aman Pati (left) and Raees Ahmed Khan (second from left), are young and remarkable scientists who received Medals of Honour in Mexico at an International Science Fair. Khan is from Vryburg.

STELLALANDER-VRYBURG: Raees Ahmed Khan, a grade 11 learner from Vryburg, represented South Africa at the 2024 Mexico International Science Fair (ExpoCiencias Nacional Tabasco 2024) under the Eskom Expo for young scientists.

With around 15000 participants, this event was held at the Dora Maria park in Villahermosa Tabasco last year. Raees managed to obtain a spot in the Top 10 of the international section, for the most outstanding projects and flew the South African flag high on the international stage. The competition in the international section was not limited to only school learners, as he also competed against university students, but still managed to obtain a position in the Top 10, ranking among the best at the event. He was awarded a Medal of Honor for outstanding projects at the prize giving ceremony. Research projects by Khan and Aman Pati, earned Medals of Honour, while ranking in the top 10 among the 45 international learners who presented at the ExpoCiencias Nacional Tabasco 2024 competition held in Mexico. The projects that earned international recognition at the competition, which was held from 3 to 7 December 2024, were presented by Aman Pati, a Grade 11 learner at Kingfisher High School in Limpopo and Raees Ahmed Khan, a Grade 11 learner at Vryburg High School. Pati, who was a Gold Medal recipient and senior category winner in Physics, Astronomy, and Space Sciences at the Eskom Expo International Science Fair (ISF) in September 2024, presented a theoretical study on the 'Revolutionizer' mechanism – a low-cost, fuel-free, and environmentally sustainable alternative for rocket launches. He said: "The experience was unforgettable. The ExpoCiencias Nacional brought together some of the brightest young minds from around the world, and being part of such a prestigious event was truly inspiring." Khan showcased his Gold Medal-winning Eskom Expo ISF project, the Portable Automated Healthcare Device, which incorporates a blood oxygen monitor, a thermometer, and glucose monitoring capability. "The experience was spectacular from beginning to

end. I had the opportunity to immerse myself in the Mexican way of life and meet people from completely different backgrounds and beliefs. It was truly amazing exposure to what the world has to offer. Through ExpoCiencias Nacional, I met hundreds of people who showed me immense support and hospitality. It was truly a memorable and unforgettable experience," said Khan. While participating in the competition, the learners, who were accompanied on the trip by Eskom Expo's Academic Director, Dr Krishnie Naidoo, also had an opportunity to embark on historical and cultural excursions to Comalcalco in Tabasco – the home of the ancient archaeological ruins and pyramids of the advanced Olmec people (predecessors of the Mayans); museums and parks that house excavated original stone sculptures dated over 1000 BC; the history behind chocolate-making from cacao beans discovered by the Mayans; and various city tours to experience authentic Mexican food and culture. Learning about the advanced ancient civilisations was an invaluable educational experience for the team. The Chief Executive Officer of the Eskom Development Foundation (Acting), Ms Mologadi Motshale, congratulated both Aman and Raees for proudly raising our country's flag at the ExpoCiencias Nacional competition. "Your well-deserved recognition is a testament to the dedication and effort you put into refining your projects. Participating in international science fairs provides our local young scientists with invaluable exposure to diverse ideas, innovative approaches, and different perspectives on problem-solving. For more than two decades, Eskom has proudly supported the Eskom Expo for Young Scientists, viewing it as an investment in our future scientists and engineers. These young innovators are being nurtured to tackle the challenges of tomorrow, ensuring a brighter and more sustainable future," said Motshale.

Sr Constance Kanatu scoops third award for excellence in nursing

STELLALANDER-VRYBURG: Sr Constance Kanatu of Joe Morolong Memorial Hospital in Vryburg has once again proven her dedication to the nursing profession by clinching the prestigious Marilyn Lehana Caring Award at the DENOSA National Awards on 19 December 2024.

This marks her third award in 2024, solidifying her reputation as one of the best nurses in the country.

Earlier this year, Sr Kanatu was honored with the Cecilia Makiwane Award at the North West Department of Health Nursing Award in May 2024, followed by the Provincial DENOSA Marilyn Lehana Best Caring Nurse Award in November 2024.

Her latest accolade, the overall winner of the Marilyn Lehana Award, is a testament to her exceptional contribution to healthcare.

Joe Morolong Memorial Hospital and the Dr RSM District have benefited greatly from Sr Kanatu's selflessness and commitment to providing top-quality eye care and treatment.

Her efforts have helped elevate the hospital's status as one of the best in the region.

The management and staff of Joe Morolong Memorial Hospital extend their heartfelt congratulations to Sr Kanatu for overcoming all odds and achieving this remarkable milestone in her nursing career.

KENNISGEWING VAN BESIKBAARHEID VAN DIE KONSEP BASIESE ASSESSERINGSRAPPORT (DBAR) VIR DIE VOORGESTELDE KIMBERLEY-VERSTERKINGSFASE 3: FERRUM-HOTAZEL-MOOKODI 400KV-KRAGLYN EN VERWANTE SUBSTASIE-OPGRADERINGS BINNE DIE JOHN TAULO GAETSEWE-DISTRIKSMUNISIPALITEIT VAN DIE NOORD-KAAP-PROVINSIE EN DR RUTH SEGOMOTSI MOMPATSI VAN DIE NOORDWES-PROVINSIE

DFFE-VERWYSING: NOG NIE BESIKBAAR NIE

10 JANUARIE 2025 – 10 FEBRUARIE 2025

Kennis word gegee ingevolge die Omgewingsimpakassesseringsregulasies (OIA) soos gepubliseer in Regeringskennisgewing (GNR) 982 in die Staatskoerant nr. 3822 van 4 Desember 2014 (soos gewysig), van die Nasionale Transmissiematstakke van Suid-Afrika SOC Bpk (NTCSA) se voorneme om 'n aansoek by die Departement van Bosbou, Visserye en die Omgewing (DFFE) in te dien vir 'n Omgewingsmagtiging (OM) vir die volgende aktiwiteite:

- Bou van 'n ±200km-, 400KV-transmissiekraglyn vanaf die Hotazel-transmissiestasie na die Mookodi-substasie.
- Bou van 'n ±60km-, 400KV-transmissiekraglyn vanaf die Ferrum-substasie na die Hotazel-transmissiestasie.
- Opgradering van die Mookodi-substasie deur die installasie van:
 - o 1 X 100MVAr-busbaalkreaktor by Mookodi se 400KV-busbaalk.
 - o 1 X 400KV-Mookodi-voerderstasie.
 - o 1 X 400KV-lyneakoor by Mookodi se 400KV.
- Opgradering van die Ferrum-substasie deur die installasie van:
 - o 1 X 100MVAr-busbaalkreaktor by Ferrum se 400KV-busbaalk.
 - o 1 X 400KV-Ferrum-voerderstasie.
 - o 1 X 400KV-lyneakoor by Ferrum se 400KV.

Projekligging: Die voorgestelde roete is ongeveer 60km tussen die Ferrum-substasie en Hotazel en 200km tussen die Hotazel en Mookodi-substasie. Die Ferrum-substasie is ongeveer 3,4km suidoos van Kathu, en die Mookodi-substasie is 6,5km suid van die dorp Vryburg. Die voorgestelde roete kruis die nasionale pad (N14), streekspad R31, 'n paar distrikspaaie tussen die N14 en R31, en 'n spoorlyn. Myngbede bestaan naby die dorp Hotazel, en daar is verskeie nedersettings naby die voorgestelde korridor.

OIA-proses: Die voorgestelde omvang van werke word gelys in Lyskennisgewing 1, GNR 983 van 2014; Aktiwiteite 12 en 19; Lyskennisgewing 2, GNR 984 van 2014; Aktiwiteit 9; en Lyskennisgewing 3, GNR 985 van 2014; Aktiwiteite 12 en 14. Aangesien die projekgebied binne die Noordelike strategiese transmissiekorridor is, sal 'n Basiese Asseseringsproses gevolg word volgens die OIA-regulasies, 2014 (soos gewysig). Daarom het NTCSA die DIGES Group as die Omgewingsassesseringspraktisyns (OAP) aangestel.

Aansoekproses vir watergebruiklisensie: Die voorgestelde projek sal ook 'n Watergebruiklisensie (WUL) / Algemene Magtiging (AM) ingevolge Artikel 21(c) en (i) van die Nasionale Waterwet (Wet 36 van 1998) vereis. DIGES sal die aansoek by die Departement van Water en Sanitasie (DWS) indien.

Geleentheid om deel te neem: Hierdie advertensie dien om die publiek in te lig dat die Konde Basiese Evalueringsverslag en sy aanhangsels beskikbaar gestel sal word vir 'n 30-dae kommentaar tydperk vanaf 10 Januarie 2025 – 10 Februarie 2025. Die Konsepverslag sal beskikbaar wees by die volgende plekke:

Kathu Openbare Biblioteek: 1 Hendrik van Eck Rd, Kathu, 8446

Kuruman Openbare Biblioteek: Skoolstraat 49, Kuruman, 8460

Vryburg Openbare Biblioteek: Stellastraat 76, Vryburg, 8600
